PROFESSIONAL SUMMARY

Results-driven Frontend Developer with 3+ years of experience in **JavaScript, React, and Next.js**. Skilled in building scalable, high-performance web applications with responsive, user-focused interfaces. Passionate about delivering impactful digital solutions in **remote environments**.

EDUCATION

BSc Physics Education 2019-2023

University of Nigeria, Nsukka *CGPA: 4.72/5.0*

PROJECTS

Shanono Bank Frontend *(Fintech)* — **2025**
Built and maintained a production-grade fintech web application for **Shanono Bank**, delivering secure onboarding, authentication, user dashboards, bank transfers, and bill payment features using **React and TypeScript**.
Live: https://myshanonobank.com

T & T Deals Marketplace *(E-commerce)* — **2025**
Collaborated with a cross-functional engineering team to develop and ship the **T and T Deals** platform, implementing core e-commerce workflows, responsive UI, and seamless user experiences.
Stack: Next.js, Tailwind CSS, TypeScript.
Live: https://tandtdeals.ng/

Modern Dashboard **(Frontend) – 2024**
Built a sleek, responsive dashboard for analytics and business management.
Integrated reusable UI components with TypeScript, shadcn and Tailwind.
Stack: Next.js, Tailwind, TypeScript Link: Modern Dashboard

School Management App **(Frontend) – 2024**
Developed a full-featured dashboard for managing students, classes, attendance, and analytics.
Implemented state management with Zustand and forms with React Hook Form + Zod.

Stack: Next.js, Tailwind, Zustand, React Hook Form Link: school management

EXPERIENCE

Frontend Developer
Miraton Madador Group (MMG) *March 2025 – Present*

- Built and maintained scalable, responsive web applications using **React, Next.js, and TypeScript** in a **remote-first, distributed team** environment.
- Collaborated asynchronously with designers, backend engineers, and product managers across time zones using Git-based workflows and documented processes.
- Developed reusable UI components with **Tailwind CSS**, reducing development time by **30%** and ensuring design consistency across projects.
- Modernized legacy frontend systems by migrating to **React**, improving maintainability and reducing bugs by **60%**.
- Integrated REST APIs, implemented robust form validation, and handled edge cases to ensure reliable user experiences.
- Optimized performance through code splitting, lazy loading, and efficient state management, improving page load speed by **40%**.
- Took ownership of frontend features from requirements to deployment, ensuring quality, accessibility, and on-time delivery in a remote setup
- Implemented multi-language feature

Frontend Developer
ForthBridge Technologies — *March 2024 – March 2025*

- Implemented pixel-perfect user interfaces from Figma designs using **React, Next.js, and Tailwind CSS**.
- Built dynamic dashboards and data-driven pages with efficient state and props management.
- Integrated REST APIs and handled loading, error, and empty states for smooth user experiences.
- Developed form-heavy workflows with client-side validation and user feedback mechanisms.
- Improved application scalability by organizing codebases into modular, maintainable structures.

Frontend Developer
Excel Tech — *October 2023 – March 2024*

- Built and deployed **10+ responsive web applications** using **React and Next.js**, improving page load performance by **40%**.
- Designed and maintained a **reusable component library** with **Tailwind CSS**, reducing development time by **30%** across projects.
- Refactored and migrated **legacy frontend codebases to React**, improving maintainability and reducing bugs by **60%**.
- Collaborated with backend engineers and designers to deliver scalable, production-ready features.
- Optimized UI performance and accessibility through efficient component architecture and best practices.

TECHNICAL SKILLS AND INTEREST

Programming languages: JavaScript(ES6+) | TypeScript | HTML5 | CSS3

Frameworks & libraries: React | Next.js | jQuery | Bootstrap | TailwindCSS | Shadcn

Tools & technologies: Git | GitHub | Vercel | Netlify | Vite | REST APIs | Cursor

Databases: MySQL | MongoDB

Operating systems: Windows | macOS | Linux Distributions

Mobile development: React Native

Areas of interest: Web Development, Mobile Development, UI/UX

Soft skills: Problem Solving, Self-learning, Adaptability

CERTIFICATIONS

Frontend Developer Professional Certificate
SwiftStack Academy | 12/7/2020
